“Solí” Sparkling White Wine

www.smaf-ltd.com

Lively white wine, obtained from low espalier cultivated vineyards, present on the entire d.o.c. Cirò territory and neighboring areas.

Grapes are harvested by hand, brought to the Company, de-stemmed and immediately pressed, in order to separate the must immediately from the peel and avoid the extraction of colored substance. A pale straw-colored yellow wine is obtained.

Alcohol content may vary from 10,5% Vol to 11% Vol, total acidity from 4 to 6 g/l and the average dry extract is of about 20 g/l.

It is offered in a 750 ml conical bottle and in packs of 6 bottles.

Grapes: white berry

Alcohol content: 10,5% Vol
Serving temperature: 8-10°C

Gastronomic suggestions:

Either as an aperitif or for the whole meal with simple and undemanding foods, rather based on fish.

It is advisable to uncork the bottle immediately before serving.
